

TOWN OF EASTHAM
OPEN SPACE COMMITTEE
1651 FOREST ADVISORY COMMITTEE
WORKSHOP
AUGUST 27, 2021 at 3:00 P.M.

Meeting Minutes August 27, 2021

Members of the Open Space Committee and 1651 Forestry Committee met informally to look at an area in Wiley Park near Great Pond popular with dog walkers. There is a lot foot traffic here, in some areas the vegetation is damaged and the soil has eroded.. It was a brainstorming session on ideas to remedy the situation. Ideas suggested were: 1. Fencing off two triangular areas and replanting with native species. 2. Using split rail fencing to mark the trail more clearly.

No votes taken on an action plan..

Respectfully submitted, Frances Lewis
